Each contract city within the County has different zoning requirements regarding the number of animals it allows per property. The majority of cities served by OC Animal Care and unincorporated county areas require pet owners to obtain an Animal Permit from OC Animal Care for properties that keep or maintain more than 3 cats and/or 3 dogs. Some contract cities have zoning requirements that do not allow for Animal Permits in their city. It is your responsibility to be familiar with your city's zoning requirements. You can obtain more information on the animal permitting process by visiting our website at www.ocpetinfo.com *or by checking directly with your city.*
